The above course request has been approved by the campus for the term indicated. If the course is approved permanently, then beginning with the approved semester, you may offer this course as approved. If the course is approved temporarily, it may only be offered for the term indicated. Approved dropped courses are no longer active beginning this semester.

To review an approved Add or Change request in the Course Request System, click on 'View Current Approved Courses' (if you do not control or cross-list with this course, click on 'View Courses from Other Units'), select this course from the pull-down list, and click on 'Submit.' Use 'Return' at the bottom of the page to return. If there are any problems with the approved request, contact Academic Programs immediately.

For Changes, you may view the last version of the course before the change was approved by clicking on 'View Old CourseRequests.' Approved Drops will no longer appear under 'View Current Approved Courses,' but may be viewed by selecting 'View Old Course Requests.'
