

Chemical Engineering Meeting

March 15, 2019

Attendees: Vikas Berry, Alan Zdunek, Ludwig Nitsche, Sanjay Behura, Yijin Kang, Lew Wedgewood, Betul Bilgin, Shafigh Mehraeen, Ying Liu, Sangil Kim

Minutes from 1/25/19 passed.

Department Enrollments

- ITE's are slightly below 2017 but on track
- Phone call campaign aided enrollments & now asking/offering CHE visits
- 54 of 60 ITE's Fall 2019
- 79 graduates Spring 2019
- 3% not return
- Inter-college transfer 4.9%
- 55.3 estimated new Fall 2019 students
- *Make chemical engineering videos

Expenditures

- \$563K 19.5% up
- New grants from: Chaplin, Kim, Sharma, Behura. \$3 million award to Sharma

New Building

- Office assignments are still being worked on
- Move-in between July 20th and August 23rd

Department

- Ranking slipped 3 points (64)
- +10 in the last 3 years 2.6 (+0.2)
- Categories:
 - Peer assessment 5.0
 - Recruiter assessment
 - 2018 avg. quantitative GRE score
 - 2018 acceptance rate 2018 faculty
- Course assignments soon to be finalized
- Student interaction in classroom

DUGS

- Recruiting: 10 women in engineering CHE scholarship candidates
 - Proposing tours of CHE on Mondays and Saturdays
- ChemE Forum & Alumni Mixer on April 19th
- ChemE Club- engagement Nitsche's postponed

- MRC starts Monday 3/18 → 200 high school students in attendance
- AIChE Academic Excellence nominee for Chicago Chapter
- ProFood Tech Booth to promote programs
 - PMMI want CHE to join
 - If anyone has something to add or advertise send to Alan Zdunek

DGS

- 52 PhD Application
- 41 MS applications
- Starting to send acceptance letters
- 6 guaranteed positions maybe 2 more for PhD
 - Rest of the PhD asked to convert to MS
 - 5 - 25% TAs 1 year
 - 5 – 25% TAs 1 semester
 - 5 – Tuition waivers
- GEO vote for the 19th negotiating over the weekend

Faculty Search

- 2 candidates and possible 3rd
- Jian Yang
 - Wedgewood drives to breakfast *Singh takes van on Tuesday morning
 - Uber to dinner
 - Berry at 11:30 am Wednesday

China Program

- 6 coming this year
- Course requirements between us and their home universities are causing problems
- Students have problems when universities represent our program, we should do our own recruiting because they don't know what courses are available to them.
- Send course schedules and more detailed course offerings
- Previous college representatives weren't able to answer questions about CHE
- Prefer being blended into our domestic program
 - Develop specific curriculum for China program students
 - Where do they go after graduating?
 - Most go back to China
 - Some go on to get PhDs
 - Do exit interviews? Track them?

MRC

- Shafigh and Ying doing demos @ 8:45 am SCE 302 tower

Saxena Lecture invitations going out next week

Executive Committee

- Teaching award nomination voting
 - \$100K for college level awards & Teaching Recognition Program (TRP) 5 yr. minimum serving, letter from the department head (Harold Simon Award)
- Ying Liu on Committee for CS

COE

- Disability services will give guidelines
- Iadvise = alert for students in poor conditions, add student notes, suggestions, but needs all on blackboard to use to analyze progress

How much do we promote makerspace course?

List of tech electives for next week?

Not many students know about makerspace: ENGR 111, ENGR 112 → outside CHE course work or Advanced manufacturing 214

Engineering camp by MIE with Siow & Szwalek

Students losing interests try to get them engaged in Makerspace or Unit Ops
