

Chemical Engineering Meeting

May 13, 2019

Attendees: Vikas Berry, Alan Zdunek, Ludwig Nitsche, Sanjay Behura, Yijin Kang, Lew Wedgewood, Betul Bilgin, Brian Chaplin, Ying Liu, Sangil Kim, Michael Caracotsios, Said Al-Hallaj

Minutes from 3/15/19 passed.

Minutes

- Avg. graduating in the mid-50s
- Chaplin was at the meeting on 3/15/19
- **Not** 3 million in grants
- Sanjay demo at MRC
- \$1K Awar TRP
- Minutes pass with changes

Updates

- ITE's are 55 right now, on good track
 - Historically we add 10 over the summer
 - Freshman & transfers
 - Nationwide ChemE enrollment going down, preferring BioE & CS
- Research expenditures Q1-Q3: \$720K (+17.8%)
- New grants to Chaplin \$899,960 EPA & Mehraeen

New Building

- June 23rd substantial finish
- Move 29th July to 23 August: office, unit ops & classes
- Ribbon Cutting July 22nd
- Labs move in before December preferably October
- Arrange Dept visit
- DI water= Type 1; 16 L/min
- Possibly DI water in second floor; Type 1; 2L/min
- Freezer= -80 Celsius
- No autoclave because of cross contamination
- Asking for computational lab & new faculty lab
- 401-ACCC lab for 12 students 8am-11 am, 3-7 pm available for lecture
- ASPEN can be used for personal computer & use on UIC network
- Suggested department laptops for ASPEN use

Moving Plan

- Research labs= equipment (re/de-installation vs. simple move) supplies, small tools

- Faculty offices= faculty responsible for packing up offices (boxes provided) mark which boxes are moving
- Student offices= request boxes
- Main offices= file cabinet

Summer Workshop on research publications

Email Venkat about proposals

Curriculum Changes

- Intro of 4 new courses
- Molecular engineering
- Environment & sustainability
- Polymer systems
- Nanotechnology
- Complex fluids
- Process simulations
- Pharmaceuticals Engineering (Biomedical Biochemical?)
- Intellectual Property & Entrepreneurship
- Talk to departments that have changes their name and the value of it
- Send comments on new programs
- Create committees to aid in program creation
- Are we okay having these new concentrations? These 4 new courses? 346 chemistry being removed & replaced by new course okay?
- No pchem? In comparison to other programs we have 7 courses to the regular 5
- Molecular needs quantum, should be required 3XX Core course & pchem course required
- Biochemical is staying
- Possibly combine some concentrations, most are already covered by existing courses
- How does it affect service to grad students, grad elective courses?
- Too many options may create problems of too few students enrolled
- Do we advertise in other departments?
- Create courses that are wider or cross over
- Survey students & alumni
- Survey market need and trends
- Data analytics under molecular engineering

DUGS

- Phone & emailing recruits has helped
- Cheme car going to nationals
- Forum & Alumni mixer went great
- Senior lunch
- Commencement

- Profood tech= 36 contacts mainly job recruitment
 - Joliet junior college looking for fluid flow simulation t get rid of Asian carp issue
- ABET Fall 2020 review:
 - new student learning outcomes to map courses
 - fill out forms & return to Zdunek
 - ABET meeting for faculty
 - Decide on indicators for entire department for each point
- Zdunek send out 2014 indicators: IAB is needed (July 22nd with ribbon cutting)

DGS

- 54 PhD → 18 offers 6 accepted
- 28 PhD → MS
- 43 ms → 33 offers 61 total MS offers
- 8 partial assistance offers

Faculty Search

- Offered to Jian Yang & negotiations ongoing
 - Biomedicine concentration presidential recruitment
 - Seems serious
- Seth Darling as second hiring, Dean has approved as long as Physics agrees to ½
- If Yang, declines we will reconsider

China Program

- 3 students coming
- Heibi University new contract negotiations, better match

Executive Committee

- Dean's 5-year review
- CS department head 5 yea review
- Bio-E hired senior member

COE

- High school recruiter hire out of MERRP
 - Create student ambassador & road show
- Student peer mentoring program

China, India, Iran International student pool quality going down. Possibly have faculty reach out to international collaborators to recommend and recruit students
