

Undergraduate Program Update

Current Status

- Curriculum and program content
- Student activities/awards
- Enrollment

Strategy for Improvement

- Discussion
- Action items

Undergraduate Program Highlights

- Senior course improvements
 - CHE 381/382: Distillation, gas absorption
 - CHE 396/397: Multiple design project option, new mentors, industry speakers
- New ChE technical electives:
 - CHE 425 Drug delivery
 - CHE 492: Renewable Energy, Electrochemistry, Fizzics/Interfacial Phenomena, Membrane Technology

Undergraduate Program Highlights

- Undergraduate research projects
 - Well-received by student & faculty
- Active UIC AIChE group
 - Bi-weekly meetings, speakers, tours, tutoring, AIChE national meeting
- Internships:
 - FESP → GPIIP
 - NSF-REU participants
 - Industry

Undergraduate Program

- COE Career Office events and activities
 - ChE Industry Day Event, Alumni Mixer, LinkedIn group
- Mentored professional development program for future chemical engineers (Sharma)
- Chemical Engineering Modular Study Center

Student Awards

2015-2016

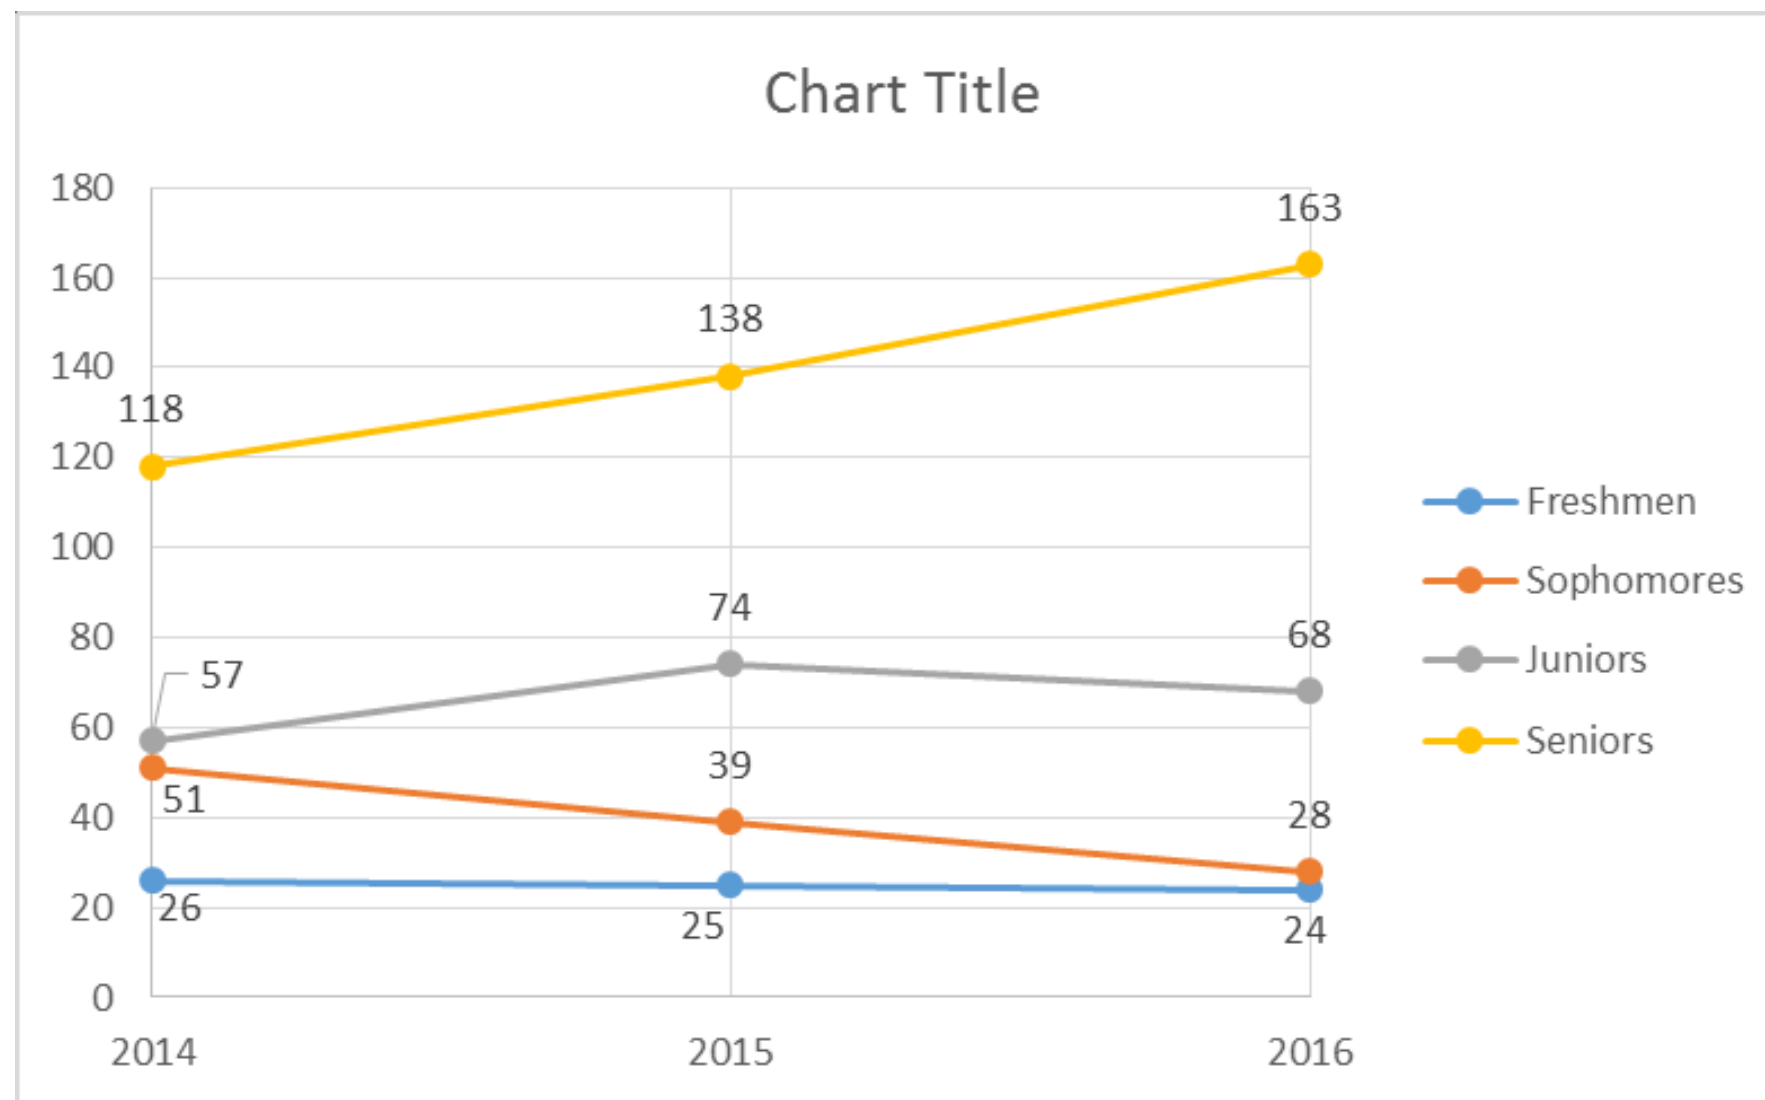

2014-2015

2013-2014

Engineering Annual Merit Scholarship Award (Kevin Stifter Scholarship)	Muna Saber	Roy Howard Pollack Scholarship	Mitsuko Alexandria Ihaza	Victor and Lucy Kan Scholarship	Justin Barak
SWE Knowles	Ariel Maret, Wasinee Siewsrichol	Olive C. and Alfred L. Kuehn Scholarship	Narcis Danciu, Theodore Walker	Li Tan Scholarship	Patrick Coan
Engineering Merit Scholarship (Incoming Freshmen)	Jasleen Kaur, Anne Serban	Irene N. Jones Scholarship	Rene Haro, Jeffrey Lullo	Irene Jones Scholarship	Buyandelger Ganbold
		S-STEM Scholarship	Jada Jamison, Rebecca Somodji	Caterpillar Scholarship	Monika Jonuskeviciute
		Jack Goldfarb Scholarship	Muna Saber	Dean's Scholarship	Jeffrey Lullo, Shambhu Shah
		John F. Hardin Scholarship	Kevin Wu	Wm. D. Unger Scholarship	Muna Saber
				John F. Hardin Scholarship	Rebecca Smodji
				Hannes and Anne Nelson Scholarship	Ishai Strauss
				Robert E. Bernd Engineering Scholarship	Kevin Gassmann
				Olive C. and Alfred L. Kuehn Scholarship	Hammad Yousef

Undergraduate Enrollment: 2014 - 2016

2014:252 total
2015:276
2016:283

Undergraduate Program Improvement

- Course content:
 - Are we preparing students for 300-level courses?
 - How can we improve 300-level courses?
 - Process control lab, industry-related topics?
 - Add technical electives (new faculty expertise)
- ChE students receiving COE scholarships
 - Increase annual scholarship applications

Undergraduate Program Improvement

- Growth in Enrollment
 - HS and community college outreach
 - What schools do we get the most students from?
 - Plan ChE faculty visits
 - Invite HS science teachers to UIC, NSF-RET?
 - Reach out to Undecided freshmen engineering
 - Advertising campaign (local, Midwest)
 - Improve follow-up to UIC Open House, applicants, ITE's
 - New S-Stem scholarship proposal?
